I Simone Ward am of the opinion that the PCBU has contravened the WHS legislation relating to:		
Contravention	More information	Was the contravention rectified?
Not maintaining a safe work environment	Members reported the drinks machine was leaking, causing water to pool in a high use area. On the visit, identified that there is an issue with the placement of equipment in this area. A trolley put close to the drinks machine is often tripped on by workers, which causes the drainage hose from the drink machine to dislodge and leak onto the floor.	No
Lack of information, training, instruction or supervision	The site was being managed by a new manager who was unsure of hazard reporting mechanisms. There were no other managers on duty for support.	No
Hindering or obstructing the EPH to exercise a right while at the workplace	I was instructed to leave the site by the franchisee over the phone.	No
