I Alex Capper, Adrian Valente am of the opinion that the PCBU has contravened the WHS legislation relating to:

	Alleged Contravention	More information	Was the contravention rectified?
PCBU Alleged Contravention 1	Not maintaining a safe work environment	The PCBU only had functioning toilet amenities on ground floor. The PCBU took us to view toilets on level 3 however these toilets did not have a lockable door, and were not clean or maintained with soap and toilet paper. The PCBU then took us to level 4 to see toilets in rooms which they stated were functional however these were not stocked and did not have operating lights. Works are currently being conducted up to level 7 with amenities only functionally provided on ground	No

		<p>which is not consistent with the Managing the Environment and Facilities Code of Practice. Prior to leaving the PCBU stated they would be putting a bolt on the doors on 3 and would prepare those amenities for use but this is not confirmed.</p>
